We are the museum which tells Cardiff's story.

We are a social history museum so we use people's personal stories to tell the history of Cardiff.

WHAT DO WE DO?

Visiting the Museum of Cardiff can offer learners of any age an immersive, engaging and interactive learning experience.

Our galleries explore the social, cultural, technological and economic changes that have taken place in the city through the lives of its people.

If you require a learning workshop exploring anything Cardiff related, how and why the city has changed and the impact this has had on people's lives... contact us now!

WHAT'S IN OUR GALLERIES?

Our Cardiff in Context gallery explores how Cardiff was transformed from a small market town of the 1300s, to one of the world's biggest ports in the 1900s, to the cool, cosmopolitan capital we know today.

Interactive displays allow you to explore stories of the city's people, their homes, working lives, the buildings and transport they have used, Cardiff docks, the earliest communities who settled in Cardiff, Cardiff's relationship with the Valleys and Cardiff as a modern city.

Our City Lab gallery offers an even more interactive learning experience for children and adults. Dewi's Den encourages foundation stage learners (0 - 5 years) to learn through dressing up and role play.

Actions Stations encourage key stage 2 learners (7 - 11 years) to explore the topics of shopping, migration and the Second World War.
